# Python Data Science Trainer Cum Technical Content Presenter

# **Description**

We are looking for a Python Data Science Trainer Cum Technical Content Presenter with expertise in Python, Data Science, Machine Learning, and Web Development to create high-quality educational video content for our YouTube channel and online course platform. The ideal candidate should have a strong technical background and the ability to explain complex concepts in an engaging and easy-to-understand manner.

## **Roles and Responsibilities:**

- 1. Create engaging tutorial videos covering Python, data science, machine learning, deep learning, NLP, and Django.
- 2. Develop structured course content and record high-quality instructional videos for online learners.
- 3. Present technical concepts clearly and interactively, ensuring an engaging learning experience.
- 4. Design and demonstrate hands-on coding examples, projects, and real-world case studies.
- 5. Stay updated with industry trends and incorporate the latest advancements into course materials.
- 6. Work with the content development team to create scripts, slides, and coding exercises.
- 7. Mentor students, guiding them through weekly projects and exercises to reinforce learning.

#### **Required Skills and Experience:**

- 1. Experience: 0-1 year
- 2. Technical Expertise: Proficiency in Python, machine learning (scikit-learn, TensorFlow, PyTorch), NLP (SpaCy, NLTK, Hugging Face), and Django.
- 3. Content Creation Skills: Ability to break down complex concepts into simple, engaging, and structured lessons.
- 4. Video Presentation Skills: Strong communication and presentation skills with the ability to engage an online audience.
- 5. Mentorship: Passion for teaching, with the ability to mentor and guide learners.

#### **Education**

Bachelor's degree
